

West Virginia Parkways Authority

ADDENDUM #1

May 2, 2018

RFQ: 1.5 Ton Extended Cab with Enclosed Utility Body

Bid Opening Date: May 15th, 2018 @ 2pm

Procurement Specifications on pg 7 show the following and there is no change to these specs.

6.1.1 Largest gasoline engine manufacturer offers

6.1.2 Largest diesel engine manufacturer offers

Addendum issued to clarify that we would like the option to receive quotes from Vendors for both gasoline and or diesel engines as part of this RFQ. Please see clarification below for 1.0 Purpose, revised to add we are requesting a price for a gasoline engine and or a diesel engine and also submit the revised bid submission page along with this signed addendum.

1.0 PURPOSE

These specifications describe 1.5 Ton Extended Cab with Enclosed Utility Body, (hereinafter referred to as "unit") to be purchased by the West Virginia Parkways Authority (hereafter referred to as Authority); define the provisions to be contained in proposals for the sale of said unit to the Authority; establish a schedule for delivery; and establish criteria for gauging the compliance of the bidder to these specifications. **The WV Parkways Authority is requesting a price for both a gasoline and or a diesel engine.**
